

Undergrad RA Opportunity

for Fall 2018!

How does cell phone use change the way we perceive space?

How can acting out text increase comprehension?

How does smiling (or frowning) during pronunciation affect how much we like words?

Join our team to explore these fascinating issues and more in our Laboratory for Embodied Cognition!

Requirements:

- GPA > 3.0, 2-semester minimum commitment
- Availability for Friday lab meetings from 9-10 AM
- Total of 10–12 hours per week.

Contact Professor Arthur Glenberg
(glenberg@asu.edu) for more information.
