

2021-22 School Year Application

Dear Parents:

The Child Study Lab (CSL) is back for in-person classes this fall! Your preschooler is invited to be a part of a unique, long-term learning experience that will build their self-esteem in a fun classroom setting. Our teaching methods are based on the latest research and advances in child development. We ensure that your child will gain valuable skills they can take with them into their next educational chapters.

We are very excited to announce the continued piloting of our '*CSL Sync*' program fall semester! We have learned much during our pandemic hiatus. We have learned we CAN provide an online program for young children which keeps them engaged, teaches them self-regulation skills such as how to focus and sustain attention, and imparts new knowledge! *CSL Sync* means we will *simultaneously* conduct our typical in-person classes while broadcasting a portion of those classes to children at home! Please note: Children who sign up for our in-person classes will automatically be enrolled in our online class if the class chosen overlaps with the online program. This will enable your child to not miss class if they are unable to attend in-person and for children who live out of state to participate in our fantastic program!

Enclosed you will find the schedule of classes and tuition for the CSL's 2021-2022 in-person school year and our continued online program.

If you are interested in your child attending the Child Study Lab, please complete the enclosed application form and return it to the address listed below or email to me. Space is limited, and we fill classes according to the order in which applications are received. We recommend returning your application as soon as possible. If you are interested in having your child attend just our online *CSL Sync* classes, please send in that option on the appropriate enrollment form.

Children who are currently attending the Child Study Lab and their siblings will be registered first.

You will be notified of the status of your application (class confirmed or waiting list) as soon as possible. Registration fees are not due until you receive a class confirmation.

Thank you for considering the CSL and making one of the most important decisions in your child's life.

Sincerely,

Anne S. Kupfer
